

# What's happening in Grade 3?

**READING:** We will continue to go through various reading assessments. Students will also be given their RAZ Kids log-ins and have an opportunity to check out the site. In addition to RAZ Kids our first Scholastic Book Order form is here! I must say, I've missed book orders. ☺ **LIBRARY** books are due back Tuesday.

**WRITING:** As part of our How We Express Ourselves UOI, we are writing daily journal entries. A prompts from last week was, 'What do you like doing at recess?' **SPELLING:** This week's spelling words are from List B2. Please allow your child time to work through the three practice assignments at home. We will have a quiz at the end of the week.

**MATH:** Our Daily Math pages have us reviewing each of the math concepts on a regular basis. Our main focus in Math is Number Sense (place value charts, base ten blocks, expanded form, even/odd, etc.)

**UOI:** This week we will learn what the 7 continents are and where we live in the world.

**Outdoor Classes:** Please send something to sit on.

## Current Units of Inquiry

### Where We Are in Place & Time

#### Central Idea

Global location influences the culture of a country.

#### Lines of Inquiry

- Geographical Characteristics
- Economic Factors
- Public Services

### How We Express Ourselves

#### Central Idea

Perspectives are reflected in the way we communicate.

#### Lines of Inquiry

- Forms of Communication
- Purpose of Communication
- Impact of Communication

The How We Express Ourselves UOI runs the whole year.
