

What's happening in Grade 3?

UOI: It's a transition week as we move from one Unit of Inquiry to the next. Even though we will be wrapping up our Where We Are in Place & Time UOI, topics from the four countries Peru, Tunisia, Ukraine, and India will continue to surface throughout Grade 3. To finish this UOI students will complete their writing assignment titled, "The Big Trading Game" where over the course of a few days have reflected on different aspects of the game. They've written about the top exported goods, the fluctuating supply and demand of those goods, and the exciting trades they made! The next Unit of Inquiry is Who We Are. It is all about 'kindness'! During this inquiry we will learn about different organizations and how they help communities. More information to come.

WRITING: This week we are on List B12: Double Consonants Ending in -ed and -ing

MATH: I'm impressed by the students' overall performance in Math so far this year. We are continuing with our Daily Math, but from now until Christmas most days will be spent playing different Math based games.

No School Friday, November 27th

Current Units of Inquiry

Who We Are

Central Idea

Rights and responsibilities support communities.

Lines of Inquiry

- Quality of Life
- Cultural Diversity
- Global Citizenship

How We Express Ourselves

Central Idea

Perspectives are reflected in the way we communicate.

Lines of Inquiry

- Forms of Communication
- Purpose of Communication
- Impact of Communication

Our How We Express Ourselves UOI runs the whole year.
