

Millarville Community School

April 19th-23rd

Unit of Inquiry

The students have jumped right into their new unit of inquiry! The students are currently exploring the concept of time and have started reading the Magic Tree House series. Last week we read 'The Knight at Dawn' and have been discussing what life was like in the past. This week, we will be reading 'Dinosaurs Before Dark' and exploring what the world might have been like during the Mesozoic era.

Spelling

We will be focusing on **ch** words.

Our spelling words are: ouch, munch, each, watch, crunch, catch, switch, pitch, chop. Your child can practice these words at home through fun activities such as printing each word using rainbow colours, or special markers!

Math

Last week, the students compared the weight (mass) of different objects in the classroom. This week, we will be continuing to look at using our knowledge of the days of the week and the months of the year to solve problems.

Housekeeping

Thursday April 22nd is **Earth Day**. Have your child bring a litterless lunch to school.

We have library on **Thursday**. Please have your child return his or her books.

Please return home reading every **Monday**.

Attribute of the Month

Risk-taker

Students will approach new situations and ideas with courage and planning. Students will recognize that they can grow and learn from their mistakes.

Our Current Unit of Inquiry

Where We Are in Place and Time

Central Idea

The past helps us see growth and changes that have occurred over time.

Lines of Inquiry

- Exploration of measurement
- Comparing different times and places
- Personal timeline and history
