SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements of 1180 The Foothills School Division presented to Alberta Education have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements, including notes, have been prepared in accordance with Canadian Public Sector Accounting Standards and follow format prescribed by Alberta Education.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong system of budgetary control.

Board of Trustees Responsibility

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the audited financial statements with management in detail and approved the financial statements for release.

External Auditors

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors were given full access to school jurisdiction records.

Declaration of Management and Board Chair

To the best of our knowledge and belief, these financial statements reflect, in all material respects, the financial position, results of operations, remeasurement gains and losses, changes in net financial assets (debt), and cash flows for the year in accordance with Canadian Public Sector Accounting Standards.

INDEPENDENT AUDITORS' REPORT

To: The Board of Trustees of
The Foothills School Division

Opinion

We have audited the financial statements of The Foothills School Division, which comprise the statement of financial position as at August 31, 2021 and the statements of operations, change in net debt, remeasurement gains and losses, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements and related schedules present fairly, in all material respects, the financial position of the Division as at August 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Division in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Division's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management intends to liquidate the Division or to cease operations, or has no realistic alternative by to do so.

Those charged with governance are responsible for overseeing the Division's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud and error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT, continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the division's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt of the division's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the division to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. AUTHORITY AND PURPOSE

The School Jurisdiction delivers education programs under the authority of the *Education Act*, 2012, Chapter E-0.3.

The jurisdiction receives funding for instruction and support under Education Grants Regulation (AR 120/2008). The regulation allows for the setting of conditions and use of grant monies. The School Jurisdiction is limited on certain funding allocations and administration expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with the Canadian Public Sector Accounting Standards (PSAS). The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

Basis of Financial Reporting

Valuation of Financial Assets and Liabilities

The organization's financial assets and liabilities are generally measured as follows:

<u>Financial Statement Component</u>	<u>Measurement</u>
Cash and cash equivalents	Cost
Accounts receivable	Lower of cost or net recoverable value
Inventories for resale	Lower of cost or net realizable value
Portfolio investments	Fair value and amortized cost
Accounts payable and other accrued liabilities	Cost
Debt	Amortized cost

Financial Assets

Financial assets are assets that could be used to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations.

Financial assets are the school jurisdiction's financial claims on external organizations and individuals, and inventories for resale at the year end.

Cash and Cash Equivalents

Cash comprises of cash on hand and demand deposits. Cash equivalents are short-term, highly liquid, investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. Cash equivalents have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term commitments rather than for investment purposes.

Scholarship Endowment Funds are included in Financial Assets in the Statement of Financial Position. Donors have placed restrictions on their contributions to endowments, for example capital preservation. The principal restriction is that the original contribution should be maintained intact in perpetuity.

Detailed information regarding portfolio investments is disclosed in Schedule 5: Schedule of Cash, Cash Equivalents, and Portfolio Investments.

Accounts Receivable

Accounts receivable are recognized at the lower of cost or net recoverable value. A valuation allowance is recognized when recovery is uncertain.

THE FOOTHILLS SCHOOL DIVISION
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended August 31, 2021

Portfolio Investments

The Division has investments in GIC's that have a maturity of greater than 3 months. GIC's not quoted in an active market are reported at cost or amortized cost.

Liabilities

Liabilities are present obligations of the school jurisdiction to external organizations and individuals arising from past transactions or events occurring before the year end, the settlement of which is expected to result in the future sacrifice of economic benefits. They are recognized when there is an appropriate basis of measurement and management can reasonably estimate the amounts.

Accounts payable and other accrued liabilities

Accounts payable and accrued liabilities include unearned revenue collected from external organizations and individuals for which goods and services have yet to be provided.

Deferred Contributions

Deferred contributions include contributions received for operations which have stipulations that meet the definition of a liability per Public Sector Accounting Standard (PSAS) PS 3200. These contributions are recognized by the Division once it has met all eligibility criteria to receive the contributions. When stipulations are met, deferred contributions are recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability.

Deferred contributions also include contributions for capital expenditures, unspent and spent.

Unspent Deferred Capital Contributions (UDCC) represent externally restricted supported capital funds provided for a specific capital purpose received or receivable by the jurisdiction, but the related expenditure has not been made at year-end. These contributions must also have stipulations that meet the definition of a liability per PS 3200 when spent.

Spent Deferred Capital Contributions (SDCC) represent externally restricted supported capital funds that have been spent but have yet to be amortized over the useful life of the related capital asset. Amortization over the useful life of the related capital asset is due to certain stipulations related to the contributions that require the school jurisdiction to use the asset in a prescribed manner over the life of the associated asset.

Employee Future Benefits

The Division provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The Division accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include defined-benefit retirement plans, non-vested or accumulating sick leave, early retirement, retirement/severance, job-training and counseling, post-employment benefit continuation, death benefits, and various qualifying compensated absences and vested sick leave.

Environmental Liabilities

Liability for Contaminated Sites

Contaminated sites are a result of contamination of a chemical, organic or radioactive material or live organism that exceeds an environmental standard, being introduced into soil, water or sediment.

A liability for remediation of a contaminated site may arise from an operation that is either in productive use or no longer in productive use and may also arise from an unexpected event resulting in contamination. The resulting liability is recognized net of any expected recoveries, when all of the following criteria are met:

- i. an environmental standard exists;
- ii. contamination exceeds the environmental standard;

- iii. the school jurisdiction is directly responsible or accepts responsibility;
- iv. it is expected that future economic benefits will be given up; and
- v. a reasonable estimate of the amount can be made

Other environmental liabilities

Other environmental liabilities (which are not liabilities for contaminated sites under PS 3260 or asset retirement obligations under PS 3280) are recognized when all of the following criteria are met:

- i. the school jurisdiction has a duty or responsibility to others, leaving little or no discretion to avoid the obligation;
- ii. the duty or responsibility to others entails settlement by future transfer or use of assets, or a provision of services at a specified or determinable date, or on demand;
- iii. the transaction or events obligating the school jurisdiction have already occurred; and
- iv. a reasonable estimate of the amount can be made.

Asset Retirement Obligations

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs are capitalized into the carrying amount of the related asset. In subsequent periods, the liability is adjusted for the accretion of discount and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and the discount accretion is included on the Statement of Operations.

The Division has determined that it has a conditional asset retirement obligation relating to certain school sites. These obligations will be discharged in the future by funding through the Government of Alberta. The Division believes that there is insufficient information to estimate the fair value of the asset retirement obligation because the settlement date or the range of potential settlement dates has not been determined and information is not available to apply an expected present value technique.

Debt

Notes, debentures, and mortgages are recognized at their face amount less unamortized discount, which includes issue expenses.

Non-Financial Assets

Non-financial assets are acquired, constructed, or developed assets that do not normally provide resources to discharge existing liabilities, but instead:

- a) are normally employed to deliver government services;
- b) may be consumed in the normal course of operations; and
- c) are not for sale in the normal course of operations.

Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost, including amounts directly related to the acquisition, design, construction, development, or betterment of the asset. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value at the date of donation, except in circumstances where fair value cannot be reasonably determined, when they are then recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at original cost less accumulated amortization.
- Construction-in-progress is recorded as a transfer to the applicable asset class at substantial completion.
- Buildings include site and leasehold improvements as well as assets under capital lease.

THE FOOTHILLS SCHOOL DIVISION
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended August 31, 2021

- Sites and buildings are written down to residual value when conditions indicate they no longer contribute to the ability of the Division to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. For supported assets, the write-downs are accounted for as reductions to Spent Deferred Capital Contributions (SDCC).
- Buildings that are demolished or destroyed are written-off.
- Tangible capital assets with costs in excess of \$5,000 are capitalized.
- Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the Board are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the Division's rate for incremental borrowing or the interest rate implicit in the lease. A schedule of repayments and amount of interest on the leases is provided in Note 7.
- Tangible capital assets are amortized over their estimated useful lives on a straight-line basis, at the following rates:

Buildings	2% to 4%
Vehicles and Buses	10% to 20%
Computer Hardware and Software	20% to 25%
Other Equipment and Furnishings	10% to 20%

Inventories of Supplies

Inventories of supplies are valued at the lower of cost and replacement cost. Cost is determined on a first-in, first-out basis.

Prepaid Expenses

Prepaid expenses are recognized at cost and amortized based on the terms of the agreement or using a methodology that reflects use of the resource.

Operating and Capital Reserves

Certain amounts are internally or externally restricted for future operating or capital purposes. Transfers to and from reserves are recorded when approved by the Board of Trustees. Capital reserves are restricted to capital purposes and may only be used for operating purposes with approval by the Minister of Education. Reserves are disclosed in the Schedule of Net Assets.

Revenue Recognition

All revenues are reported on the accrual basis of accounting. Cash received for which goods or services have not been provided by year end is recognized as unearned revenue and recorded in accounts payable and other accrued liabilities.

Endowment contributions, matching contributions, and associated investment income allocated for preservation of endowment capital purchasing power are recognized in the Statement of Operations in the period in which they are received.

Government Transfers

Transfers from all governments are referred to as government transfers.

Government transfers and associated externally restricted investment income are recognized as deferred contributions if the eligibility criteria for use of the transfer, or the stipulations together with the Division's actions and communications as to the use of the transfer, create a liability. These transfers are recognized as revenue as the stipulations are met and, when applicable, Foothills School Division complies with its communicated use of these transfers.

All other government transfers, without stipulations for the use of the transfer, are recognized as revenue when the transfer is authorized and the Division meets the eligibility criteria (if any).

THE FOOTHILLS SCHOOL DIVISION
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended August 31, 2021

Donations and Non-Government Contributions

Donations and non-government contributions are received from individuals, corporations, and private sector not-for-profit organizations. Donations and non-government contributions may be unrestricted or externally restricted for operating or capital purposes.

Unrestricted donations and non-government contributions are recognized as revenue in the year received or in the year the funds are committed to the Division if the amount can be reasonably estimated and collection is reasonably assured.

Externally restricted donations, non-government contributions and realized and unrealized gains and losses for the associated externally restricted investment income are recognized as deferred contributions if the terms for their use, or the terms along with the Division's actions and communications as to the use, create a liability. These resources are recognized as revenue as the terms are met and, when applicable, the Division complies with its communicated use.

In-kind donations of services and materials are recognized at fair value when such value can reasonably be determined. While volunteers contribute a significant amount of time each year to assist the Division, the value of their services are not recognized as revenue and expenses in the financial statements because fair value cannot be reasonably determined.

Grants and Donations for Land

The Division records transfers and donations for the purchase of the land as a liability when received and as revenue when the Division purchases the land. The Division records in-kind contributions of land as revenue at the fair value of the land. When the Division cannot determine the fair value, it records such in-kind contributions at nominal value.

Investment Income

Investment income includes dividend and interest income and realized gains or losses on the sale of portfolio investments. Unrealized gains and losses on portfolio investments that are not from restricted transfers, donations or contributions are recognized in the Statement of Accumulated Remeasurement Gains and Losses until the related investments are sold. Once realized, these gains or losses are recognized in the Statement of Operations.

Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Allocation of Costs

- Actual salaries of personnel assigned to two or more programs are allocated based on the time spent in each program.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

Program Reporting

The Division's operations have been segmented as follows:

- **Pre-K Instruction:** The provision of Pre-Kindergarten education instructional services that fall under the basic public education mandate.
- **K to Grade 12 Instruction:** The provision of instructional services for Kindergarten to Grades 12 that fall under the basic public education mandate.
- **Operations and Maintenance:** The operation and maintenance of all school buildings and maintenance shop facilities.

THE FOOTHILLS SCHOOL DIVISION
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended August 31, 2021

- **Transportation:** The provision of regular and special education bus services (to and from school), whether contracted or board operated, including transportation facility expenses.
- **System Administration:** The provision of board governance and system-based / central office administration.
- **External Services:** All projects, activities, and services offered outside the public education mandate for Pre-K children and students in K to grade 12. Services offered beyond the mandate for public education must be self-supporting, and Alberta Education funding may not be utilized to support these programs.

The allocation of revenues and expenses are reported by program, source, and object on the Schedule of Program Operations. Respective instruction expenses include the cost of certificated teachers, non-certificated teaching assistants as well as a proportionate share of supplies and services, school administration and instruction support, and System Instructional Support.

Trusts Under Administration

The Division has property that has been transferred or assigned to it to be administered or directed by a trust agreement or statute. The Division holds title to the property for the benefit of the beneficiary. Trusts under administration have been excluded from the financial reporting of the Division. A summary of Trust balances is listed in Note 13.

Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The Division recognizes a financial instrument when it becomes a party to a financial instrument contract.

Measurement Uncertainty

Measurement uncertainty exists when there is a variance between the recognized or disclosed amount and another reasonably possible amount. The preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits recognized/disclosed as \$195,100 in these financial statements, is subject to measurement uncertainty.

Future Accounting Changes

The Public Sector Accounting Board has issued the following accounting standards:

- **PS 3280 Asset Retirement Obligations (effective September 1, 2022)**
Effective September 1, 2022, this standard provides guidance on how to account for and report a liability for retirement of a tangible capital asset.
- **PS 3400 Revenue (effective September 1, 2023)**
This standard provides guidance on how to account for and report on revenue, and specifically, it addresses revenue arising from exchange transactions and non-exchange transactions.

Management is currently assessing the impact of these standards on the financial statements.

6. BENEFIT PLANS

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

Current and past service costs of the Alberta Teachers Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers' Pension Plan Act, the Division does not make pension contributions for certificated staff. The Government portion of the current service contribution to the Alberta Teachers Retirement Fund on behalf of the jurisdiction is included in both revenues and expenses. For the school year ended August 31, 2021, the amount contributed by the Government was \$4,704,639 (2020 \$4,849,330).

The school board participates in a multi-employer pension plan, the Local Authorities Pension Plan. The Division is not responsible for future funding of the plan deficit other than through contribution increases. The expense for this pension plan is equivalent to the annual contributions of \$950,966 for the year ended August 31, 2021 (2020 \$882,913). At December 31, 2020, the Local Authorities Pension Plan reported a surplus of \$4,961,337,000 (2019 \$7,913,261,000).

THE FOOTHILLS SCHOOL DIVISION
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended August 31, 2021

The Division provides non-contributory defined benefit supplementary retirement benefits to its executives.

The jurisdiction participates in the multi-employer supplementary integrated pension plan (SiPP) for members of senior administration. The plan provides a supplement to the LAPP or ATRF pension to a full 2% of pensionable earnings multiplied by pensionable service, limited by the *Income Tax Act*. The annual expenditure for this pension plan is equivalent to the annual contributions of \$31,944 for the year ended August 31, 2021 (2020 - \$30,700).

The non-registered supplemental executive retirement plan (SERP) is administered by the Division and provides an annual retirement benefit of 2% of total employee earnings. The cost of SERP is by the Division and is actuarially determined using the projected accrued benefit cost method with proration of service costs.

The Division does not have sufficient plan information on the LAPP/MEPP/PSPP/SiPP to follow the standards for defined benefit accounting, and therefore follows the standards for defined contribution accounting. Accordingly, pension expense recognized for the PSPP/LAPP/MEPP/SiPP is comprised of employer contributions to the plan that are required for its employees during the year, which are calculated based on actuarially pre-determined amounts that are expected to provide the plan's future benefits.

Employee future benefit liabilities consist of the following:

	2021	2020
Defined benefit pension plan liability (SERP)	\$ 195,100	\$ 201,100
Total	<u>\$ 195,100</u>	<u>\$ 201,100</u>

(1) Terms of the endowments stipulate that the principal balance be maintained permanently. Investment income of \$48,541 (2020 - \$49,189) is externally restricted for scholarships and is included in deferred contributions. Investment income of \$128,531 (2020 - \$210,589) is unrestricted.

10. ENDOWMENTS

Endowments represent principal amounts contributed for student scholarships. The conditions of the endowment agreement are such that principal amounts must be held in perpetuity in accordance with stipulations placed by the contributor. Endowment assets are held in cash and cash equivalents.

11. CONTINGENT LIABILITIES

The Division is a member of Alberta Risk Management Insurance Consortium (ARMIC). Under the terms of its membership, the Division could become liable for its proportionate share of any claim or losses in excess of the funds held by the exchange. The Division's share of the pool as of August 31, 2021 is \$271,355. The Alberta School Boards Insurance Exchange shows the Division's share of the pool as of August 31, 2021 as \$269,432.

14. TRANSFER OF ADMINISTRATION LAND AND BUILDING

During the 2017 year the Division entered into a 20-year lease for the use of a new administration building owned by the Province. As part of the terms of the lease, the Division transferred the land and building formerly used as the administration building to the Province. The deemed proceeds on the transfer were determined at \$1,200,000 based on the estimated fair value of the land and building and were reflected as an increase in capital reserves under System Administration.

The deemed proceeds were not received in cash but will be reflected in reduced lease payments over the 20-year lease term. As a result, a prepaid lease asset has been recorded which will be amortized over the 20-year lease at \$60,000 per year, leaving a net prepaid lease expense of \$930,000 (Note 8) as at August 31, 2021 (2020: \$990,000).

THE FOOTHILLS SCHOOL DIVISION
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended August 31, 2021

The Division and its employees paid or collected certain taxes and amounts set by regulation or local policy. These amounts were incurred in the normal course of business, reflect charges applicable to all users and have been excluded from this schedule.

17. COVID-19

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a global pandemic, which continues to spread in Canada and around the world.

This pandemic continues to add stressors to the Division as Boards and the public are experiencing a fourth wave of increased infections and corresponding health issues.

The Federal Government approved the Division for \$2,980,900 in Safe School Re-Entry funding. The Division spent this on increased cleaning, additional supports, and staff in implementing at-home learning for Grades 1-12 for students and families uncomfortable with regular classroom attendance, along with supplies and materials to facilitate a safe return to school.

There is no additional Federal or Provincial funding approved for the 2021-22 school year except for "New Funding for Targeted Interventions to Address Covid-19 Learning Disruptions".

18. ECONOMIC DEPENDENCE ON RELATED THIRD PARTY

The Division's primary source of income is from the Alberta Government. The Division's ability to continue viable operations is dependent on this funding.

19. BUDGET AMOUNTS

The budget was prepared by the school jurisdiction and approved by the Board of Trustees on June 3, 2020. It is presented for information purposes only and has not been audited.
