

September 21-25

Dear Parents,

The class has done such a great job adjusting to our new way of being at school. Thank you for all your support in helping them. Please remember to send 2 masks as sometimes they get damp during the day and need to be changed.

A change to the grade 4 housekeeping notes is that we will be having library on Wednesday mornings.

Thank you to the families that have filled out the Parent survey, if you have not completed this yet, could you please take a few minutes to do so.

Next week in math we will be continuing our look at patterns in a table and how we can use those patterns to solve problems. The students are thoroughly enjoying the class novel study Number the Stars, I think they would love it if I finished the book in one sitting. We will also be starting to inquire into some of the environmental issues that are affecting our world right now.
